

ARGHA MUHURY

Belgharia, Kolkata - 700083, India | Mobile: 8100097158 | Email: arghamuhury@gmail.com

LinkedIn: [linkedin.com/in/arghamuhury](https://www.linkedin.com/in/arghamuhury)

TECHNICAL SKILLS

Languages: C, C++ (Data Structures & Algorithms), Python, Kotlin, JavaScript

Mobile Development: Android (Kotlin, Jetpack Compose)

Web Development: Flask, HTML, CSS, JavaScript

Databases: SQL, NoSQL

Tools & Version Control: Git, GitHub

Cybersecurity: Cryptography, Network Security, Secure Coding Practices

PROJECTS

PROBE — Cybersecurity Utility Web Application | *Flask, Python*

github.com/arghamuhury/Probe

- Built a Flask-based cybersecurity utility web application featuring URL analysis, file integrity checks, password strength tools, and encryption/decryption utilities
- Applied practical cryptography and secure coding principles across all modules
- Redesigned the interface with a glassmorphism-based OLED dark theme optimized for mobile viewing, improving usability and visual consistency

Alpha Music — Android Music Streaming App | *Kotlin, Jetpack Compose*

<https://github.com/arghamuhury/AlphaMusic>

- Developing a native Android music streaming application using Kotlin and Jetpack Compose
- Designing a production-quality, OLED-optimized monochrome interface inspired by leading apps such as Spotify and Apple Music
- Integrating Jamendo and Audius APIs to provide licensed music playback
- Iteratively refining core UI components, including the full-screen “Now Playing” player, benchmarking design decisions against real-world apps

Smart Attendance System — Attendance Management Web Application | *Flask, Python*

github.com/arghamuhury/SmartAttendance

- Developed a QR code-based attendance management web application with role-based access control
- Implemented secure attendance recording and real-time tracking for students and faculty

WORK EXPERIENCE

Network Security Intern — Fortinet, via Eduskills & AICTE

- Completed a virtual internship focused on cybersecurity and network security fundamentals
- Gained hands-on experience configuring network security solutions and identifying threats across corporate network infrastructures
- Focused on threat management and cloud security, applying protective measures to safeguard network environments

EDUCATION

Bachelor of Science in Information Technology *(Aug 2023 – July 2026)*

Techno India University, West Bengal — Cloud Technology & Information Security | CGPA: 8.5

Higher Secondary Education *(June 2021 – May 2023)*

Sodepur High School | Percentage: 76%

Secondary Education *(Jan 2015 – May 2021)*

Sodepur High School | Percentage: 96.86%
